

# Strengthen Your Security Posture with Microsoft Defender

Identify vulnerabilities, understand emerging threats, and build a proactive cybersecurity strategy

## Solution Area

Digital Workplace

### Business Challenge

Cyber threats continue to evolve in sophistication and frequency, placing pressure on security teams to detect, investigate, and respond quickly. Many organisations struggle with limited visibility across cloud and on-premises environments, leaving vulnerabilities, misconfigurations, and attack paths undetected. Without a clear understanding of their security posture, organisations can face increased risk of ransomware, business disruption, data loss, and operational downtime. Security leaders require actionable insights and practical recommendations to reduce risk and improve resilience.

### Benefits

- Gain visibility into security risks and vulnerabilities
- Strengthen protection across cloud and on-premises environments
- Prioritise remediation activities based on business impact
- Develop a roadmap for ongoing security improvement

### How We Help

This workshop provides a comprehensive review of your security posture using Microsoft Defender technologies such as: **Defender for Identity, Privileged Identity Management, Incidents and Alerts, Defender for Endpoints, Defender for Office, Microsoft Sentinel, and Copilot Security**. Insight specialists analyse potential threats, identify vulnerabilities and misconfigurations, and provide guidance on improving cyber resilience. The engagement delivers practical recommendations and strategic next steps tailored to your environment and business priorities.

## Microsoft Highlights

### 22 Specialisations including:

- Identity and Access Management
- Threat Protection

### 7 Partner Designations, including:

- Data & AI
- Security

### About Insight

Insight Enterprises is a leading Solutions Integrator that helps clients solve technology challenges by combining the right hardware, software, and services. We're a global Fortune 500 technology company with a network of over 6,000 partners and experts around the world who provide access to end-to-end IT capabilities. For more than 35 years, we have delivered and optimised technology solutions for our clients efficiently, effectively, and safely. We are rated as a Great Place to Work, a Forbes World's Best Employer, and a Fortune World's Best Workplace. Discover more at [au.insight.com](https://au.insight.com). NSIT-M
